delegations remain as they were.

Senator Williams and Representative Blackburn, both of Kentucky, have a it, and be "carm." Don't waste yourmustard seed from which the quarrel apropted, and which promises to protions, in the branches of which pistols and coffee are plainly visible. Jeniousy is a glastly, green eyed monster, even when an appropriation hill is the meat

The prohibitory amendment to the state constitution in Iowa will probably be carried, but it is meeting unexpected opposition in the Republican party Some of the strongest papers are work ing to defeat it. If the Democratic party should vote solidly against the amendment it would doubtless be lost, but that party cannot be rallied on this issue. The anti-amendment people are believed to be making a still hunt. One paper says of them: "They are not hunting ducks with a brass band, and their heavy campaign fund is being carefully hoarded for a short, quick, de-

cisive campaign just before election." Topeka Capital: Is there an instance on record where the entire delegation of may be done by Americans in this negany state in the lower house of congress | lected industry it is of great significance has been nominated by acclamation for and value.
